Professional Summary

I'm a human-centered designer with years of experience in visual design. I thoroughly enjoy bringing products to life starting with people's needs and ending with stunning interfaces that are as usable and impactful as they are a joy to use.

Professional Experience

Louis Vuitton Moët Hennessy   UX/UI Designer

May 2019   •   Miami, FL

Participated in the LVMH DARE Initiative to design an internal iOS application that would assist Client Advisors with Visual Merchandising and record data pertaining to displays.
